

Devil INXSIDE uses a completely self-contained stage setup. We have an IEM rack with a monitor mixer and splitter snake. A tail from our 16 channel splitter snake (+2) for total of 18 channels, will be provided to FOH. We bring our own mics, cables, stands and DI's. Our X32 mixer rack is on stage by the drums. Please contact Noel Johannes at 720-220-9101 or Dan Barnhart at 720-987-5716 for any tech or stage questions.
